Explanatory notes by code

Code	Purpose	Explanatory Notes
I Goods-Services-Income-Transfers Receipts & Payments		
GDE	Goods sold (Exports in fob value)	<ul style="list-style-type: none"> • Recording of goods between residents and nonresidents related to international trade such as exports regardless the settlement type. • As goods there are also considered ships, airplanes, army equipment, natural resources (oil, gas, water), electricity, non-monetary gold. • All receipts for exports and re-exports of goods regardless of when the goods are shipped. • This refers to movable goods for which changes in ownership occur between residents and nonresidents. In case that the valuation is in cif value or non-known then please indicate this so as to estimate
GDI	Goods bought (Imports in cif value)	<ul style="list-style-type: none"> • Recording of goods between residents and nonresidents related to international trade such imports regardless the settlement type. • As goods there are also considered ships, airplanes, army equipment, natural resources (oil, gas, water), electricity, non-monetary gold. • All payments from imports regardless of when the goods are shipped. • This refers to movable goods for which changes in ownership occur between residents and nonresidents. In case that the valuation is in cif value or non-known then please indicate this so as to estimate
STS	Sea transport	<ul style="list-style-type: none"> • Covers all transportation services by sea. Recording of receipt of residents for transport of nonresidents and payments of residents for their transport from ships operated by nonresidents. • Tickets that connect BAHRAIN with neighbor countries or third countries with each other. • Excluded are cruises, yachting, and transport with the country, which are classified under travel. • Receipts from nonresidents for the transport of exporting goods and payments to non-residents for the importing of importing goods. • Included also receipts or payments between residents and nonresidents for other auxiliary services to sea
ATS	Air transport	<ul style="list-style-type: none"> • Covers all transportation services provided by air. • Receipts and payments of airline companies related to transport of people, cargo and other auxiliary services related to air transport.
OTS	Other modes of transport (including Postal and courier services)	<ul style="list-style-type: none"> • Receipts and payments among residents and nonresidents related to road, pipelines and other types of transport. • Also, combination of means of transport and auxiliary services to support the transport such as storage. • Space transport includes satellite launches undertaken by commercial enterprises for the owners of the satellites (such as telecommunication enterprises) and other operations performed by operators of space equipment, such as transport of goods and people for scientific experiments.

Code	Purpose	Explanatory Notes
		<ul style="list-style-type: none"> • Road transport covers transport by lorries, trucks, buses and coaches. • Pipeline transport covers international transport of goods in pipelines, such as the transport of petroleum and related products, water and gas. • The provision of electricity itself is excluded. • Electricity transmission comprises services for transmission of electric energy at high voltage over an interconnected group of lines and associated equipment between points of supply and the points at which it is transformed to low voltage for delivery to consumers or delivery to other electric systems. • Included are charges for the transmission of electricity when this is separate from the production and distribution process. • Also excluded are distribution services of electricity. • Other supporting and auxiliary transport services cover all other transportation services that cannot be allocated to any of the components of transportation services described above. • Postal and courier services cover the pick-up, transport, and delivery of letters, newspapers, periodicals, brochures, other printed matter, parcels, and packages, including post office counter and mailbox rental services.
STR	Travel	<ul style="list-style-type: none"> • Travel credits cover goods and services for own use, or to give away, acquired from an economy by nonresidents during visits to that economy. • Travel debits cover goods and services for own use, or to give away, acquired from other economies by residents during visits to these other economies. • Travel includes local transport (i.e. transport within the economy being visited and provided by a resident of that economy), but excludes international transport (which is included in transport). • Also excluded are goods purchased by a traveller for resale in the traveller's own economy or in any other economy. • It also include payments of tuition/boarding, examination fee, etc to schools, colleges and other educational institutions, payments to hotels by residents for their abroad stay, payment to travel agents for booking of passages of foreign trips. • Example of these transactions are hotels, restaurants, museums, group activities, yachting, tourism agencies, tour operators, etc. Includes leisure, health (medical reasons), education (students) and visit to family. • Business travel covers the acquisition of goods and services by business travellers. Also includes the acquisition of goods and services for personal use by seasonal, border and other workers who are not resident in the economy in which they are
GMS	Processing repair and maintenance services on goods	<ul style="list-style-type: none"> • Manufacturing services on physical inputs owned by others covers processing, assembly, labelling, packing, etc, undertaken by enterprises that do not own the goods concerned. • The manufacturing is undertaken by an entity that receives a fee from the owner.

Code	Purpose	<i>Explanatory Notes</i>
		<ul style="list-style-type: none"> • Since the ownership of the goods does not change, no general merchandise transaction is recorded between the processor and the owner. • The value of fees charged for manufacturing on physical inputs owned by others is not necessarily the same as the difference between the value of goods sent for processing and the value of goods after processing. • Excluded are the assembly of prefabricated construction (included in construction) and labelling and packaging incidental to transport (included in transport). • Recording of the amount received as receipt or payment for the processing of goods that remain to be possessed by nonresidents and following this procedure are again exported. • In the case that the products are not re-exported the transaction is recorded under imports. • Recording of the amount received/payed as processing of goods abroad those are still possessed by residents and afterwards are again imported. • In the case that the products are not re-exported the transaction is recorded under exports. • Maintenance and repair services not included elsewhere cover maintenance and repair work by residents on goods that are owned by nonresidents (and vice versa). The repairs may be performed at the site of the repairer or elsewhere. • The value of maintenance and repairs includes any parts or materials supplied by the repairer and included in the charges. • Recording of value of receipts for repairs of goods conducted by residents to goods possessed by nonresidents and payments to nonresidents for repairs of goods possessed by residents or abroad. • Parts and materials charged separately should be included in general merchandise. • Repairs and maintenance on ships, aircraft and other transport equipment are included in this item. • Cleaning of transport equipment is excluded as it is included in transport services. • Construction maintenance and repairs are excluded as they are included under construction. • Maintenance and repairs of computers are excluded as they are included under telecommunication, computer and information services. • In addition, maintenance works to means of transport are recorded under transport.
SCO	Construction	<ul style="list-style-type: none"> • Construction covers the creation, renovation, repair or extension of fixed assets in the form of buildings, land improvements of an engineering nature and other engineering constructions (including roads, bridges, dams, etc.). • It includes related installation and assembly work, site preparation and general construction, specialised services as painting, plumbing and demolition and management of construction projects. • The construction contracts covered in international trade in services are of a short-term nature. • A large-scale construction project contracted by a non-resident enterprise that takes a year or more to be completed will usually give rise to a resident branch and be recorded in the financial account.

Code	Purpose	<i>Explanatory Notes</i>
		<ul style="list-style-type: none"> • Receipt for the work performed on construction projects and installations by employees of a resident enterprise in locations outside Bahrain. • Payments for the work performed on construction projects and installations by employees of a nonresident enterprise in locations inside BAHRAIN. • Included transactions are the cost of construction, repairs, maintenance work to buildings as well as renting and establishment of necessary equipment.
INS	Insurance services	<ul style="list-style-type: none"> • Insurance services cover the receipt by resident insurance enterprises and the payments to nonresident insurance enterprises for provision of various types of insurance to nonresidents (i.e., life including pension and annuity services, other casualty or accident, health, general liability, fire, marine, aviation, etc.) and reinsurance. • Insurance services receipts of residents' insurance companies to nonresidents or payments of residents to insurance companies of nonresidents regarding goods, life insurance, travel, reimbursement. • Holders of life insurance policies make regular payments to an insurer in return for which the insurer guarantees to pay the policy holder an agreed minimum sum or an annuity, at a given date or at the death of the policy holder, if this occurs earlier. • Freight insurance services relate to insurance provided on goods that are in the process of being exported or imported, on a basis that is consistent with the measurement of goods f.o.b. and freight transportation. • Included are term life insurance, accident and health insurance (unless these are provided as part of government social security schemes), marine, aviation and other transport insurance, fire and other property damage, pecuniary loss insurance, general liability insurance and other insurance, such as travel insurance and insurance related to loans and credit cards. • Reinsurance is the process of subcontracting parts of the insurance risk, often to specialized operators, in return for a proportionate share of the premium income. • Reinsurance transactions may relate to packages that mix several types of risks. • Included are agents' commissions, insurance brokering and agency services, insurance and pension consultancy services, evaluation and adjustment services, actuarial services, salvage administration services, and regulatory and monitoring
FIS	Financial services	<ul style="list-style-type: none"> • Explicit charges in the case of many financial services that require no special calculation. • They include fees for deposit-taking and lending, fees for one-off guarantees, early or late repayment fees or penalties, account charges, fees related to letters of credit, credit card services, commissions and charges related to financial leasing, factoring, underwriting, and clearing of payments. • Also included are financial advisory services, custody of financial assets or bullion, financial asset management, monitoring services, liquidity provision services, risk assumption services (other than insurance), merger and acquisition services, credit rating services, stock exchange services and trust services.

Code	Purpose	Explanatory Notes
		<ul style="list-style-type: none"> • Dealers in financial instruments may charge, in full or part, for their services by having a spread between their buying and selling prices. • Margins on buying and selling transactions are included when explicitly charged. • Included are intermediary services fees, such as those associated with letters of bankers' acceptances, lines of credit, financial leasing and foreign exchange transaction. • Also included are commission and other fees related to transaction in securities-brokerage, placements of issues, underwritings, redemptions
